

Leadership Interview

Leadership interview

The purpose of this interview is

- To know you outside of your resume
- To assess some of the key attributes like building high performing teams, mentoring, leading through complexity, driving strategic changes etc
- Answer any questions you may have and also to hear your feedback about the interview process.

Leadership interview

Before the Interview

- Ask your recruiter what specific areas you should prepare for.
- Prepare your questions which will help you in making a decision about moving ahead in the process with ThoughtWorks. The questions can be about expectations, growth path etc, this is also an opportunity to to share any interview process feedback you might have.

During the Interview

- Ask your questions, share your experiences.
- Be proactive and express your opinions, reasonings etc.

After the Interview

- Your recruiter will reach out to you with the feedback.
